**HOLI**

Add More Colors to Your

**FINANCE** Life

**Balance brings harmony in life and in investments.**

As we celebrate the festival of colors, it is also a meaningful time to reflect on balance, renewal, and new beginnings — including in our financial journey. Just as every color has its place in Holi, every asset class has a role in building long-term wealth.

# TOO MUCH OF ONE COLOR CAN DISTURB THE CANVAS

## THE TRUTH:

Concentrating investments in a single asset class may increase exposure to market volatility.

## THE NUDGE:

Diversification spreads exposure across assets, which may help manage fluctuations over time.

**INVESTMENTS SHOULD ALIGN WITH INDIVIDUAL FINANCIAL GOALS AND RISK APPETITE.**
